BRIEF SUMMARY

I'm an enthusiastic engineering student with a strong interest in software development and problem-solving. Over the past few years, I've built projects using Java, JavaScript, React, and Node.js, which helped me understand how real-world applications work. I'm always curious to learn new things and explore how technology can solve real problems. I'm looking for an opportunity where I can grow my skills, learn from experienced professionals, and contribute meaningfully to the team and the work being done.

KEY EXPERTISE

Java | MongoDB | ReactJS | Express.js | NodeJS

EDUCATION

Sinhgad College of Engineering — 2022 - 2026

B.E. - Information Technology | CGPA: **9.03** / **10**

Mother Teresa Mission Higher Secondary School, Kanpur — 2022

12th | CISCE | Percentage: **94.80** / **100**

Mother Teresa Mission Higher Secondary School, Kanpur — 2020

10th | CISCE | Percentage: **96.20** / **100**

AWARDS AND SCHOLARSHIPS

- Received a Silver medal in recognition of achieving a remarkable Percentage 94.8 in my class 12 examinations

INTERNSHIPS

PTC | IT / Computers - Software — 07 Jul, 2025 - 30 Jun, 2026

Intern

Key Skills: API | GIT | Debugging | Java | Unit Testing

Worked on ThingWorx platform development, contributing to core subsystem enhancements and backend service implementations.
Identified and resolved flaky automated tests, improving test reliability and build stability.
Led and supported Angular framework migration from v14 to v21, fixing compatibility issues and modernizing frontend code.

Motion Cut | IT / Computers - Software — 05 Jan, 2025 - 05 Feb, 2025

Front End Web Developer

Key Skills: Front-End Web Development

During my frontend development internship at MotionCut, I worked on building responsive and user-friendly web pages using HTML, CSS, JavaScript. This experience helped me strengthen my skills in frontend technologies, debugging, and working in a team environment using Git for version control.

PROJECTS

Travel Agent App

Key Skills: MongoDB | ReactJS | Express | NodeJS | API | API Testing | Google Maps API

Project Link: https://travel-agent-rk1.netlify.app/

• Developed a full-stack travel agent web application using the MERN stack, integrating APIs for real-time data retrieval of places, hotels, and restaurants.
• Implemented user authentication, a dynamic review system, and an AI-powered chatbot feature using Google Gemini API, enhancing user engagement and interaction.
• Utilized Framer, Tailwind, and Material UI for responsive UI design, ensuring seamless user experience across devices.

Property Market Value Integration

Key Skills: MongoDB | ReactJS | Express | NodeJS | Google Maps API | API Testing | API

•Integrated Atom data to fetch and display property market values within the application.
•Developed RESTful API calls for efficient property data retrieval.
•Streamlined data visualization for end-users using ReactJS and Redux.

Kanban App

Key Skills: MongoDB Express ReactJS NodeJS

Project Link: https://kanban-app-vert.vercel.app/

• Developed a KANBAN application with sections for To Do, Doing, and Done, allowing users to add and manage notes.
• Implemented drag-and-drop functionality for seamless movement of notes between columns.
• Enhanced user experience by providing a simple, intuitive interface for task management.

ACHIEVEMENTS

- Selected as a Microsoft Learn Student Ambassador and achieved BETA milestone.
- Part of Google Developer Student Club Junior team of my college
- Successfully completed BHARATINTERN internship of one month period and earned a certificate
- Successfully completed HACKTOBERFEST 2023 and recognized in hall of fame.
- GSSOC'23 Contributor and contributed to 3 projects.

ASSESSMENTS / CERTIFICATIONS

Full Stack Development Bootcamp

Key Skills: Full Stack Web Development

Microsoft Learn Student Ambassador

POSITIONS OF RESPONSIBILITY

Microsoft Learn Student Ambassador

As a Microsoft Learn Student Ambassador, I conducted technical sessions and peer-learning workshops focused on cloud computing, web development. I mentored students on using Microsoft technologies like Azure and GitHub, promoted best practices in software development, and actively contributed to a global community of student developers.

Intern at PTC

Software Engineering Intern at PTC – Owned backend services, test stability fixes, and platform enhancements.

PERSONAL INTERESTS / HOBBIES

- Reading Books

PERSONAL DETAILS

Gender: Male
Current Address: Mantra Montana Building C1, DN Parande Park Marg, near ganesh temple, Dhanori, Pimpri-Chinchwad, Maharashtra 411015, Pune, Maharashtra, India - 411015

Date of Birth: 09 Jul, 2004
Known Languages: English, Hindi
Permanent Address: Plot no. 1 New Azad Nagar, near Mahendra Palace, Yashoda nagar, Kanpur, Kanpur, Uttar Pradesh, India - 208011
Phone Number: +91-9555856237

Email: rudrakshkushwaha.scoe.it@gmail.com
